We will be learning a range of techniques to demonstrate light, colour and tone in our drawings.

DT

Building Bridges

Create and design a prototype bridge for a purpose.

Mathematics

Number- fractions, decimals, percentages, algebra, ratio
Measurement – Perimeter, area, volume. Understand metric units, convert metric units, calculate metric measures, compare miles and km and recap common imperial measures.

Statistics- line graphs, pie charts, mean, circles, problem solving

Revision- four operations including multiplication tables

Science

Evolution and Inheritance

Recognise that living things have changed over time.

Know that fossils provide information about things that inhabited the earth millions of years ago.

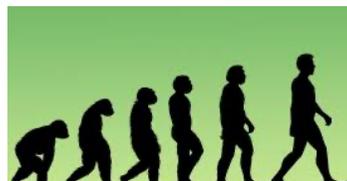

To know that living things produce offspring of the same kind and we inherit some characteristics from our parents.

Explore how animals and plants are adapted to suit their environment and know that adaption may lead to evolution.

Year 6

Spring Term

'From nought to now'

History and Geography

Name and locate some counties and cities of the United Kingdom. Locate the world's countries. Use maps to locate European countries and major cities. Use maps, atlases, globes and digital/computer mapping to locate countries. Identify and Use latitude and longitude and compare climates of world countries.

Research and learn about significant historical events and the individuals who have taught us about evolution and inheritance.

RE

Justice and Freedom
